Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than the most expensive scap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich.

in. It makes an abundance of rich, creamy lather, which rings out easily, removing every particle of dust, dirt, fandruff and excessive oil. The hair fires quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to merce.

o manage.
You can get mulsified cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

TO STOP BAD COUGH

WITH PARMINT SYRUP—SAYS
THIS OLD-FASHIONED COUGH MEDICINE IS THE BEST.

We are told that the old-time remedies are best and invariably contain less hammful yet better medicine than those which are in use today. This being so, undoubtedly the following old-fashioned recipe, which is cuick acting, will be welcomed by many, as there seems to be a regular epidemic of coughs at the present time. Secure from your druggist I counce Parmint (double strength). Take this home and add to it a quarter pint of hot water and 4 ounces of granulated sugar; struntil dissolved. Take one tablespoonful four times a day. No more racking your whole body with a cough. Clogged nostrils should open, air passages of your head should clear and your breathing become easy. Parmint syrup is pleasant to take, easy to prepare and costs little. Every person who has a stubborn cough, hard cold or cafarrh in any form should give this prescription a trial. Lee & Osgood can supply you. MEDICINE IS THE BEST.
